☞ The regular members are divided into two classes. Those above the line in each year are graduates of this University; those below it, left the institution without having completed their scholastic course. The place of an individual's residence at the time of his admission is uniformly adopted, when known. Those marked with an asterisk (*) or an obelisk (†) have departed this life.

Notwithstanding great care has been taken in preparing this catalogue, it is probable that there are many inaccuracies. Any person discovering an error would confer a favor by making it known to some member of the Society.
